

## Accelerating Jesus' Kingdom Among the Least-Reached

Visual Story Network accelerates the mission of the Church

- by <u>equipping</u> our generation to use media, story and innovation
- to make disciples and advance religious freedom
- in least-reached nations.

### "Make disciples of all nations..."

–Jesus, before his ascension into heaven

### The Challenge

## Reaching Those Alone and Oppressed in Places Jesus is Not Known

- In this broken world, BILLIONS of people do not know the friendship and purpose Jesus offers. They live in isolation, guilt, fear and depression...often under the burden of oppressive ideologies.\*
- People who are hurting rarely resist the person of Jesus. When given the chance, they are drawn to the One that names, knows, sees and loves them. It has been 2000 years since Jesus called us to make followers of all nations.

\* 80% of the world's population is losing religious freedom including in the West.

### "You are my friends..." "ὑμεῖς φίλοι μού ἐστε..."

– Jesus (John 15:14)

Abdul is a 47-year-old Muslim farmer in Asia. He saw an ad on Facebook asking, "Do you want to know how to have God's favor in the afterlife?" He responded "yes" and began an online conversation with Hassan. Hassan asked Abdul if he thought about his sin. "Yes, I have thought a lot about it. I know I shouldn't get drunk and be harsh with my wife."

Hassan began to share Bible verses of how God cleanses people of their sin. After several months of online discussion, Abdul became more open to Jesus. He was willing to meet with Suleiman, a friend of Hassan, to discuss the Bible in person. Suleiman met with Abdul and his family on a weekly basis to study the Bible.

After two months of visits, Abdul and his family came to believe in Jesus as their Savior. Abdul was eager to share his new life with others. God gave him a heart to reach out to the three surrounding villages where he sells produce. Over time he led three families to faith in Jesus. In the 2 ½ years since he trusted Jesus, there are now 211 new believers. 135 have been baptized and 45 local leaders oversee their own house church. There are seven generations of house churches.

This story is from one of the 340 teams in the Digital Disciple Making Network we facilitate.

# Impacting Lives Among the Least-Reached

### Strategy 1

## **Train Leaders**

We trained Felix (left) and Soraya (2nd from right) in our religious freedom training. **They have now trained more than 1,300 people in Nigeria.** Nigerians live with the threat of Islamic extremism in the north where Boko Haram operates.

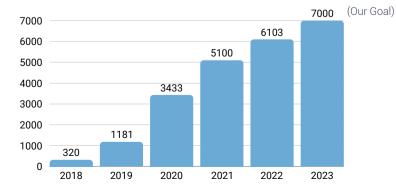

Read more about the work in Nigeria.

"Visual Story Network's training completely transformed my idea of using media in missions. It was a huge catalyst for the work we're doing now among unreached people."

### Strategy 2

## **Build Global Partnerships**

"It's been 2000 years since Jesus called his people to make disciples of all nations. I believe ours is the generation that will take the gospel to every person. VSN is helping us and others make that vision a reality."

### World Changing Partnerships

<u>Digital Disciple Making Network</u> / <u>Media to Movements.</u> In October 2018 we began to gather the top 12 global leaders from six organizations involved in training others to use social media to lead to disciple-making movements. A disciple-making movement occurs when there is rapid multiplication of new believers in a given area. Using social media to ignite these movements is a new move of God's Spirit. Since we began the partnership in 2019 the number of known "Media to Movement" efforts has expanded from 25 to 260!

<u>Empower Women Media.</u> We began this partnership in 2017 to train women to use media to accelerate their mission. In 2018, God opened up doors to become the leading global partnership and training women to be religious freedom advocates. Religious freedom research has that shown that 80% of the world has lost religious freedom in the last 10 years (including in Europe and North America). This greatly limits the environment where Christians are free to assemble, worship and share the Gospel. *This partnership has trained 3,140 (mostly) women to use media as religious freedom advocates in the most restrictive parts of the world*.

## **Produce Media & Equipping Resources**

"I know of no one other than VSN who is specifically committed to encouraging and actively supporting the growing the full range of small new media – short video, smart phone, social media, etc. Understanding these media and being able to effectively integrate them is critical for any Kingdom strategy."

Phill Butler, Founder of Intercristo & visionSynergy

### Shohrat's Story Told Throughout Central Asia

As a boy, Shohrat was terrified of the Sirat Bridge, the bridge that Islam teaches must be crossed to reach paradise. It is as thin as a razor and suspended over the fires of hell. Within three years of the fall of communism, his brother-in-law came to Christ and had Shohrat watch the JESUS Film. Through the film, Shohrat understood Jesus was the bridge to paradise. He began to share his newfound faith and planted churches in his village as well as in others. He is one of the fathers of the modern Turkmen church.

*"From Darkness to Light"* (Tümlükden Nura) is a 13-minute film that tells his story. It is the firstever evangelistic film featuring Turkmen people. *The film is translated into five languages and is being broadcast into Central Asia via satellite as well distributed through social media, mobile phones, a dedicated app.* Turkmenistan, in Central Asia, is one of the most repressive countries in the world with only 1,500 known Christians.
